Edge Style:	4 Sided Bevel
Installation Type:	Nail or Staple
Application:	Above Grade
Warranty:	Lifetime Structural

Maintenance

Appropriate maintenance products and instructions for Amsterdam oil finished floors are available from your floor covering retailer.

Sample Disclaimer

Wood is a natural product. All samples are produced to be the closest representation of the actual finished product. The finished flooring may contain a larger **variation of color, grain, sap content, grading, knots** and distress that may not be evident in the small sample you are viewing.

Samples that are aged or have been exposed to direct sunlight may appear differently, (darker or yellowed), than the flooring it is meant to represent. Due to the varying hardnesses of wood flooring species, you must be aware that flooring may dent & scratch if you do not provide proper care and maintenance during installation and thereafter.

Important Information Regarding The Color "Natural"

This product line contains the color "Natural", meaning that wood has no stain. As a result, characteristics such as mineral streaks, sap, knots, and checks will be more prominent in the visual than with a stained wood color. These unique visual qualities are desirable and are part of the beauty of a natural wood floor.

Character Grade

Character Grade hardwood flooring is perfect for homeowners looking for a unique alternative to very clean looking traditional floors. Character or rustic grade hardwood will include mineral streaks, large to medium sized knots, checks, worm holes, as well as select and clear grade lumber. These floors are all first quality with simply a rustic visual. This grade is truly the most representative of the beauty of wood in its most natural state.
